Banditry	1921 incidents
Gunmen Attacks	1603 incidents
Farmer - Herder Conflict	465 incidents
Kidnapping	412 incidents

Last updated: 2/11/2026, 4:21:00 AM

Trend Detection
3-month moving averages smooth out noise and reveal underlying conflict patterns

⚙️ Methodology

Anomaly Detection: Statistical outlier detection using z-scores (threshold: 2.0 standard deviations). Red markers indicate unusual conflict spikes requiring investigation.

🔮 🧠 AI-Powered Forecasting

Advanced machine learning models (Prophet, ARIMA, LSTM) deliver precise conflict predictions with confidence intervals, trend decomposition, and risk assessments.
